

SAYBA Coaching Information

Any parent interested in coaching a team within SAYBA should indicate their interest on their child's registration form and/or to the SAYBA president. This indication should be made as early as possible.

The SAYBA president and/or board will work with those who have indicated an interest to assign head coaches by mutual agreement of all involved.

Preference for head coaching positions will generally be given to previous coaches assuming positive player and parent evaluations.

If an agreement can't be reached, an application will be completed by all interested head coaches. These applications will be reviewed by the board. Interviews will be held if the board deems it necessary.

Head coaches will be selected based on their coaching experience, coaching philosophies, and experience within the SAYBA organization.

When teams are split into equal teams, the coaches will be selected before the teams are split to assure that each team has a coach. Head coaches are guaranteed the option of coaching their child's team.

When teams are split into skill-based teams, coaches will be selected after the teams are divided.

Assistant coaches will be selected by the head coaches.
